Meeting Minutes: Drill Committee

Drill Date April 28, 2006
Location Burlington Northern Woodstock Yards South End of Old Millington Road
Time Drill will begin at 9:00 am
Scenario: A bus collides with two tank cars at the crossing. Chemicals of concern will be based upon visual observations
Several victims in the bus scattered from the site in vehicles and a few are in the bus to be rescued (removed)

The drill will run as long as needed for the Fire Departments to complete response. Hospitals that want to participate in the hot wash should be at the site by 12:00. We will notify with the location for the hot wash the day before the drill.

The Shelby County Fire Department will be primary response with Memphis Fire Department as support.

The Shelby County Sheriff's Department will provide traffic control and initiate response communication for traffic control as part of the scenario.

All area Hospitals are testing communication and Delta Medical Center is initiating decontamination.

Praxair has volunteered the use of their parking lot for some drill traffic. We have not heard from PCS Nitrogen about the use of their parking lot for staging.
